If any proprietary information is contained in the Proposal, it should be clearly identified.
- **Insurance & W-9 Requirements:** Upon recommendation of contract award, Contractor will be required to submit the following documents with ten (10) days of City notification, unless otherwise specified in the solicitation:
 - **Insurance** - City requires that licensees, lessees, and Contractors have an approved Certificate of Insurance (not a declaration or policy) or proof of legal self-insurance on file with the City for the issuance of a permit or contract. Within ten (10) consecutive calendar days of award of contract, successful Bidder must furnish the City with the Certificates of Insurance proving coverage as specified in the sample contract.
 - **W-9** – Current signed form W-9 (Taxpayer Identification Number & Certification) which includes Contractor's legal business name(s).

3. Evaluation Criteria: The City's evaluation and selection process will be conducted in accordance with Title II, Chapter V, Article 2 of the City's Municipal Code (Code). In accordance

with the Code, the most qualified responsive and responsible proposer shall be determined based on evaluation of qualitative factors in addition to cost. At all times during the evaluation process, the following criteria will be used. Sub-criteria are not necessarily listed in order of importance. Additional sub-criteria that logically fit within a particular evaluation criteria may also be considered even if not specified below.

- 1. Qualifications of Experience of Key Personnel ----- 30%**
- 2. Qualifications of the Firm ----30%**
- 3. Method of Approach ----25%**
- 4. Cost Proposal ---- 15%**

4. Evaluation of Proposals and Selection Process: In accordance with its Municipal Code, the City will adhere to the following procedures in evaluating Proposals. An Evaluation Committee, which may include members of the City's staff and possibly one or more outside experts, will screen and review all Proposals according to the weighted criteria set forth above. While price is one basic factor for award, it is not the sole consideration.

- A. Responsiveness Screening:** Proposals will first be screened to ensure responsiveness to the RFP. The City may reject as non-responsive any Proposal that does not include the documents required to be submitted by this RFP. At any time during the evaluation process, the City reserves the right to request clarifications or additional information from any or all Proposers regarding their Proposals.
- B. Initial Proposal Review:** The Committee will initially review and score all responsive written Proposals based upon the Evaluation Criteria set forth above. The Committee may also contact Proposer's references. Proposals that receive the highest evaluation scores may be invited to the next stage of the evaluation process. The City may reject any Proposal in which a Proposer's approach, qualifications, or price is not considered acceptable by the City. An unacceptable Proposal is one that would have to be substantially rewritten to make it acceptable. The City may conclude the evaluation process at this point and recommend award to the most qualified or lowest responsible bidder. Alternatively, the City may elect to negotiate directly with one or more Proposers to obtain the best result for the City prior to making a recommendation or selection.
- C. Interviews, Reference Checks, Revised Proposals, Discussions:** Following the initial screening and review of Proposals, the Proposers included in this stage of the evaluation process will be invited to participate in an oral interview. Interviews are tentatively scheduled for the week of **November 4-6, 2025** and will be conducted at City of Costa Mesa City Hall, 77 Fair Drive, Costa Mesa, CA 92626. This date is subject to change. The individual(s) from Proposer's organization that will be directly responsible for carrying out the contract, if awarded, should be present at the oral interview. The oral interview may, but is not required to, use a written question/answer format for the purpose of clarifying the intent of any portions of the Proposal.

In addition to conducting an oral interview, the City may during this stage of the evaluation process also contact and evaluate the Proposer's references, contact any Proposer to clarify any response or request revised or additional information, contact any current users of a Proposer's services, solicit information from any available source concerning any aspect of a Proposal, and seek and review any other information deemed pertinent to the evaluation process.

Following conclusion of this stage of the evaluation process, the Committee will again rank all Proposers according to the evaluation criteria set forth above. The Committee may conclude the evaluation process at this point, and make a recommendation for award, or it may request Best and Final Offers from Proposers. The City may accept the Proposal or negotiate the terms and conditions of the agreement with the highest ranked organization. The City may recommend award without Best and Final Offers, so Proposers should include their best Proposal with their initial submission.

Recommendation for award is contingent upon the successful negotiation of final contract terms. Negotiations shall be confidential and not subject to disclosure to competing Proposers unless an agreement is reached. If contract negotiations cannot be concluded successfully within a time period determined by the City, the City may terminate negotiations and commence negotiations with the next highest scoring Proposer or withdraw the RFP.

5. Protests: Failure to comply with the rules set forth herein may result in rejection of the protest. Protests based upon restrictive specifications or alleged improprieties in the Proposal procedure, which are apparent or reasonably should have been discovered prior to receipt of Proposals shall be filed in writing with the City's Purchasing Department at least 10 calendar days prior to the deadline for receipt of Proposals. The protest must clearly specify in writing the grounds and evidence on which the protest is based.

Protests based upon alleged improprieties that are not apparent or that could not reasonably have been discovered prior to submission date of the Proposals, such as disputes over the staff recommendation for contract award, shall be submitted in writing to the City's Purchasing Department, within 48 hours from receipt of the notice from the City advising of City's recommendation for award of contract. The protest must clearly specify in writing the grounds and evidence on which the protest is based. The City's Purchasing Department will respond to the protest in writing at least 3 days prior to the meeting at which City's recommendation to the City Council will be considered. Should Proposer decide to appeal the response of the City's Purchasing Department, and pursue its protest at the Council meeting, it will notify the City's Purchasing Department of its intention at least 2 days prior to the scheduled meeting.

A. Procedure – All protests shall be typed under the protester's letterhead and submitted in accordance with the provisions stated herein. All protests shall include at a minimum the following information:

- The name, address and telephone number of the protester;
- The signature of the protester or the protester's representative;
- The solicitation or contract number;
- A detailed statement of the legal and/or factual grounds for the protest; and
- The form of relief requested.

6. Accuracy of Proposals: Proposers shall take all responsibility for any errors or omissions in their Proposals. Should there be any discrepancies in numbers or calculations, the lowest price or total shall prevail.

If prior to contract award, a Proposer discovers a mistake in their Proposal which renders the Proposer unwilling to perform under any resulting contract, the Proposer must immediately notify the facilitator and request to withdraw the Proposal. It shall be solely within the City's discretion as to whether withdrawal will be permitted. If the solicitation contemplated evaluation and award of "all or none" of the items, then any withdrawal must be for the entire Proposal. If the solicitation provided for evaluation and award on a line item or combination of items basis, the City may consider permitting withdrawal of specific line item(s) or combination of items. Any Proposer who withdraws a Proposal will be ineligible to bid further on the work included in the RFP scope.

7. Responsibility of Proposers: The City shall not be liable for any expenses incurred by potential Contractors in the preparation or submission of their Proposals. Pre-contractual expenses are not to be included in the Contractor's Pricing Sheet. Pre-contractual expenses are defined as, including but not limited to, expenses incurred by Proposer in:

- Preparing Proposal in response to this RFP;
- Submitting that Proposal to the City;
- Negotiating with the City any matter related to the Proposal; and,
- Any other expenses incurred by the Proposer prior to the date of the award and execution, if any, of the contract.

8. Confidentiality: The California Public Records Act (Cal. Govt. Code Sections 7920.000, et seq.) mandates public access to government records. Therefore, unless information is exempt from disclosure by law, the content of any request for explanation, exception, or substitution, response to this RFP, protest, or any other written communication between the City and Proposer, shall be available to the public. The City intends to release all public portions of the Proposals following the evaluation process at such time as a recommendation is made to the City Council.

If Proposer believes any communication contains trade secrets or other proprietary information that the Proposer believes would cause substantial injury to the Proposer's competitive position if disclosed, the Proposer shall request that the City withhold from disclosure the proprietary information by marking each page containing such proprietary information as confidential. Proposer may not designate its entire Proposal as confidential nor designate its Price Proposal as confidential.

Submission of a Proposal shall indicate that, if Proposer requests that the City withhold from disclosure information identified as confidential, and the City complies with the Proposer's request, Proposer shall assume all responsibility for any challenges resulting from the non-disclosure, indemnify and hold harmless the City from and against all damages (including but not limited to attorney's fees and costs that may be awarded to the party requesting the Proposer information), and pay any and all costs and expenses related to the withholding of Proposer information. Proposer shall not make a claim, sue, or maintain any legal action against the City or its directors, officers, employees, or agents concerning the disclosure, or withholding from disclosure, of any Proposer information. If Proposer does not request that the City withhold from disclosure information identified as confidential, the City shall have no obligation to withhold the

information from disclosure and may release the information sought without any liability to the City.

- 9. Ex Parte Communications:** Proposers and Proposers' representatives should not communicate with the City Council members about this RFP. In addition, Proposers and Proposers' representatives should not communicate outside the procedures set forth in this RFP with an officer, employee or agent of the City, including any member of the evaluation panel, with the exception of the RFP Facilitator, regarding this RFP until after Contract Award. Proposers and their representatives are not prohibited, however, from making oral statements or presentations in public to one or more representatives of the City during a public meeting.

A "Proposer" or "Proposer's representative" includes all of the Proposer's employees, officers, directors, consultants and agents, any subcontractors or suppliers listed in the Proposer's Proposal, and any individual or entity who has been requested by the Proposer to contact the City on the Proposer's behalf. Proposers shall include the Ex Parte Communications Form in **Appendix C** with their Proposals certifying that they have not had or directed prohibited communications as described in this section.

- 10. Conflict of Interest:** The Proposer warrants and represents that it presently has no interest and agrees that it will not acquire any interest which would present a conflict of interest under California Government Code Sections 1090, et seq., or Sections 87100, et seq., during the performance of services under any Agreement awarded. The Proposer further covenants that it will not knowingly employ any person having such an interest in the performance of any Agreement awarded. Violation of this provision may result in any Agreement awarded being deemed void and unenforceable.

- 11. Disclosure of Governmental Position:** In order to analyze possible conflicts that might prevent a Proposer from acting on behalf of the City, the City requires that all Proposers disclose in their Proposals any positions that they hold as directors, officers, or employees of any governmental entity. Additional disclosure may be required prior to contract award or during the term of the contract. Each Proposer shall disclose whether any owner or employee of the firm currently hold positions as elected or appointed officials, directors, officers, or employees of a governmental entity or held such positions in the past twelve months using the attached Disclosure of Government Positions Form in **Appendix C**.

- 12. Conditions to Agreement:** The selected Proposer will execute a Professional Services Agreement for Services with the City describing the Scope of Services to be performed, the schedule for completion of the services, compensation, and other pertinent provisions. The contract shall follow the sample form of Agreement provided as **Appendix B** to this RFP, which may be modified by the City.

All Proposers are directed to particularly review the indemnification and insurance requirements set forth in the sample Agreement. **The terms of the agreement, including insurance requirements have been mandated by the City and can be modified only if extraordinary circumstances exist.**

Submittal of a Proposal shall be deemed acceptance of all the terms set forth in this RFP and the sample agreement for services unless the Proposer includes with its Proposal, in writing, any conditions or exceptions requested by the Proposer to the proposed Agreement.

- 13. Disqualification Questionnaire:** Proposers shall complete and submit, under penalty of perjury, a standard form of questionnaire inquiring whether a Proposer, any officer of a Proposer, or any employee of a Proposer who has a proprietary interest in the Proposer, has **ever** been disqualified, removed, or otherwise prevented from proposing on, or completing a federal, state, or local government project because of a violation of law or safety regulation and if so, to explain the circumstances. A Proposal may be rejected on the basis of a Proposer, any officer or employee of such Proposer, having been disqualified, removed, or otherwise prevented from proposing on, or completing a federal, state, or local project because of a violation of law or a safety regulation, included in **Appendix C**.
- 14. Standard Terms and Conditions:** The City reserves the right to amend or supplement this RFP prior to the Proposal due date. All addenda and additional information will be posted to www.Planetbids.com

9. All transactions, including cash can be audited at the City's discretion at any time.
10. The selected vendor shall be required to maintain a method of accounting, to the satisfaction of CITY, which correctly and accurately reflects the gross receipts, and disbursements, operations costs, and any financing of vendor in connection with the authorized operations. In addition, CITY will conduct an audit of the books and business conducted by the vendor and observe the operation of the business so that accuracy of the above records can be confirmed. Vendor acknowledges that CITY intends to audit the books and records of the vendor at least once prior to the expiration of the first year of the term of this agreement. All information obtained in connection with CITY'S inspection of records or audit shall be treated as confidential information and exempt from public disclosure thereof to the extent possible under law, excepting upon notification of termination of this contract, the averaged revenues from the most recent five (5) year period from vendor operations may be made available to the prospective bidders.
13. In the event that an audit or review conducted by the City finds that due to vendor's non-compliance with its obligation to report gross receipts in connection with its operations authorized herein, an actual loss and/or a projected loss of revenue to CITY can be determined, the Finance Director and/or City Manager may, at his or her option, (1) bill vendor for said losses, said amount to be paid to CITY within thirty (30) days following billing therefor unless otherwise extended by the City Manager, and/or (2) use the Security Deposit as provided for herein; and/or (3) assess liquidated damages. The parties agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure of vendor to correctly report gross receipts, and a projected loss of revenue due to CITY. The parties hereby agree that under the current circumstances a reasonable estimate of such damages is \$500 per day for each day of the loss period as determined by CITY, and that the vendor shall be liable to CITY for liquidated damages in said amount. Should the City find that the additional rental payment due to CITY exceeds two percent (2%) of the total amount which should have been paid as determined by such review or audit and observation, and there being no reasonable basis for the failure to report and pay thereon, vendor shall pay any applicable penalties for the delinquent payments.
14. The State of California Constitution (art. XVI, § 6), prohibits the giving or lending public funds to any person or entity, public or private without a public purpose. If the City's external independent auditor, in its review of the vendor's accounting records, finds that the Operator's profit margins are not reasonable and may appear to violate the State constitution as it relates to a gift of public funds the City, will create a Capital Fund into which the excess, as determined by an independent accounting firm contracted by the City, would be deposited into. Funds deposited into the Capital Funds account will be available to the City for the capital needs of the café/park, as outlined in this Agreement as the responsibility of the City.

15. The selected vendor shall not commingle any financial earnings or expenses from the other business operations towards any stakeholder contribution, payment, disbursement, reimbursement that may be related to the Operator.
16. The selected vendor shall be required to pay all taxes which may be assessed against equipment or other property belonging to or under the control of the vendor located on the leased premises, or other permitted improvements on the leased premises during the term of the Contract. The vendor shall be responsible to obtain and pay for all licenses, permits, fees, or other authorization or charges as required under federal, state, or local laws and regulations insofar as they are necessary to comply with the requirements of this Contract and the privileges extended thereunder.

H. Performance

1. The selected vendor will provide an annual report to the Parks and Community Services Director including data and statistics of operations of the café.
2. Quarterly Performance Meetings: Vendor's management staff will meet with City on a quarterly basis to review areas of performance, follow-through, product, and service.

CONCESSIONAIRE'S PROPOSAL

PROPOSAL FOR LIONS PARK CAFÉ CONCESSIONS SERVICES

Request for Proposal 26-05

Submitted by:

Neat Coffee: 1922 Pomona Ave, Costa Mesa, 92627

Alexandria Garvin: 562.852.4136 / ally@neat.coffee / 1968 Anaheim Ave, Costa Mesa, 92627

October 22, 2025

Dear Mr. Fuentes and Selection Committee:

Neat Coffee is honored to submit this proposal to operate the Lions Park Café, a space we believe represents the heart of community connection in Costa Mesa. As a locally owned business founded in 2015, we have spent the past decade building meaningful relationships with Costa Mesa residents and establishing ourselves as a gathering place where neighbors meet, ideas are shared, and community thrives.

This opportunity feels like a natural extension of everything Neat Coffee stands for. Our mission has always been to create spaces for human connection, and the Lions Park campus—with its library, recreation center, pool, park, and event lawn—is already a vibrant hub where our community gathers daily. We are excited about the prospect of serving the diverse visitors to this campus: families attending story time, students on study breaks, seniors completing their lap swim, children playing at airplane park, and attendees of the many city-hosted events throughout the year.

Our proposal demonstrates our commitment to providing high-quality, affordable café services while being a collaborative partner to the City. We will offer carefully sourced coffee (soon to be roasted by us at our upcoming Sunset Beach location), thoughtfully prepared food, and a welcoming atmosphere that serves all members of our community. Our pricing will be deliberately set below market rate to ensure accessibility within this publicly funded space, and we will implement discount programs for library cardholders, seniors, and city staff.

Beyond operating a café, we envision being an active partner in the life of the Lions Park campus. We will coordinate with adjacent facilities to support their programming, host community events on the lawn, and continue our tradition of bringing people together through movie nights, run clubs, artist showcases, and civic engagement opportunities.

The individual authorized to bind Neat Coffee to this proposal is myself, Alexandria Garvin, Neat Coffee Owner. Our nearest office is located at 1922 Pomona Ave, and this project will be managed from this location. We are a for-profit corporation with deep local roots and a commitment to community benefit.

We look forward to the opportunity to discuss this proposal with you and to answer any questions about our vision for the Lions Park Café.

Respectfully submitted,

Alexandria Garvin,
Owner of Neat Coffee

BACKGROUND AND PROJECT SUMMARY

Understanding of the City and the Project

The City of Costa Mesa is a thriving community of approximately 115,000 residents known for its cultural institutions, diverse neighborhoods, and commitment to quality public spaces. Lions Park represents a significant municipal investment in community infrastructure, bringing together educational, recreational, and cultural resources in one accessible campus.

The Lions Park Café, made possible through generous support from Orange County Supervisor Katrina Foley's office, is designed to serve as a community amenity for the library, park, pool, recreation center, event lawn, and surrounding neighborhoods. This approximately 1,100 square foot facility with outdoor decking represents an opportunity to enhance the visitor experience while generating revenue for the City through a public-private partnership.

Our Understanding of the Work to Be Done

Neat Coffee will provide full-service café operations including:

Product Offerings: We will offer a comprehensive menu of beverages and food items designed to serve the diverse needs of campus visitors. Our beverage program will include hot and iced coffee, espresso-based beverages, a variety of teas, matcha drinks, hot chocolate, and bottled beverages including water and juices. Our food offerings will include fresh açai bowls, locally sourced pastries, pre-made sandwiches and salads, overnight oats, and healthy snacks—all designed for both sit-down enjoyment and grab-and-go convenience.

Operating Hours: We propose operating seven days per week from 7:00 AM to 5:00 PM to align with the majority of Donald Dungan Library hours and to serve morning lap swimmers, lunchtime visitors, and afternoon recreation center participants. We will remain flexible to extend hours during special events or to better serve the community's needs as usage patterns become clear.

Staffing: The café will operate with a staff of full time employees and maintain a minimum of two trained staff members during all operating hours; scaling to three, four, or five staff members during

high-traffic periods and city-hosted events. Our team will be professionally trained, customer-service oriented, and certified as required by Orange County Health Department regulations.

Community Integration: We will actively coordinate with all adjacent facilities—the library, recreation center, pool, event center, and event programming staff—to understand their schedules and needs, enabling us to provide tailored service and support for their programs and visitors.

Objectives to Be Accomplished

Excellence in Service: Provide high-quality beverages and food with friendly, professional service that reflects well on both Neat Coffee and the City of Costa Mesa.

Accessibility and Affordability: Maintain pricing deliberately below market rate to ensure the café serves all community members within this publicly funded space.

Community Partnership: Serve as an active partner to city facilities and programs, offering discount programs for library cardholders, seniors, and city staff, and coordinating service around all events.

Financial Sustainability: Operate a financially viable business that provides fair compensation to the City through our proposed revenue-sharing arrangement while maintaining the quality and affordability our community deserves.

Environmental Responsibility: Implement comprehensive recycling and composting programs in compliance with California State law and Costa Mesa municipal code, using only recyclable or compostable disposable items.

Facility Stewardship: Maintain the café and surrounding areas to the highest standards of cleanliness and functionality, treating this city asset with the care it deserves.

METHOD OF APPROACH

Implementation Plan and Project Management

Phase 1: Pre-Opening Preparation (Months 1-3)

Upon contract award, Neat Coffee will immediately begin detailed planning in coordination with City staff. We recognize that certain facility improvements are necessary for full functionality and health department compliance, specifically the installation of a floor drain in the front service area and plumbing of water lines for our espresso machine and batch brew machine.

During this preparation phase, we will:

- Finalize equipment specifications and placement plans with City facilities staff
- Coordinate with the City on timeline for installation of floor drain and water line infrastructure
- Work with City staff to develop appropriate exterior signage that incorporates Neat Coffee branding while complementing the "Café Mesa" designation (if approved)

- Obtain all necessary permits and licenses, including a separate Costa Mesa business license for this location and an Orange County Public Health Permit
- Procure and prepare all equipment including our espresso machine, grinders, point-of-sale system, and small wares
- Source furniture and equipment for the outdoor deck seating area
- Recruit, hire, and train staff through our established training program
- Develop opening menu and pricing structure
- Establish relationships with food vendors and suppliers
- Create operational procedures manual specific to this location
- Set up separate accounting systems as required by the concession agreement

We estimate this preparation phase will require approximately three months, recognizing that the timeline for city-installed infrastructure (floor drain and water lines) will be the primary determining factor. We are prepared to work efficiently once these critical elements are in place.

Phase 2: Soft Opening and Adjustment Period (Month 4)

We will conduct a soft opening period to test operations, refine service flow, gather community feedback, and make any necessary adjustments to staffing, inventory, or procedures before fully ramping up marketing and promotional activities.

Phase 3: Full Operations (Month 5 and Ongoing)

Once systems are refined, we will move to full operations with active community engagement, event coordination with city facilities, and implementation of all discount and promotional programs.

Project Management Structure:

Our project management approach emphasizes clear communication, accountability, and responsiveness:

- **Project Manager:** Ally Garvin and Min Lee will serve as the primary points of contact with the City and will oversee all aspects of café operations. Min Lee is a current Neat Coffee employee with extensive experience in our operating philosophy and customer service standards.
- **Communication Protocols:** The Project Managers will maintain regular communication with the City's designated representative, responding to inquiries within 24 hours and proactively sharing information about operations, challenges, and opportunities.
- **Quality Control:** We will implement daily operational checklists, weekly inventory and equipment maintenance reviews, and monthly comprehensive facility inspections to ensure consistent quality and compliance.
- **Staffing Management:** The Project Managers will be responsible for hiring, training, scheduling, and supervising all café staff, ensuring adequate coverage for all operating hours and special events.

Methodology for Stakeholder Engagement:

Understanding that the Lions Park campus serves multiple constituencies, we will implement a systematic approach to stakeholder input:

- **Pre-Opening Consultation:** Before finalizing our menu, pricing, and operational details, we will schedule meetings with library leadership, recreation center management, pool facility staff, and event programming coordinators to understand their needs and how we can best support their visitors and programs.
- **Ongoing Communication:** We will establish regular touchpoints (minimally quarterly, as specified in the RFP) with City staff to review operations, address concerns, and identify opportunities for collaboration.
- **Community Feedback Mechanisms:** We will create accessible channels for patron feedback, including comment cards, digital feedback forms, and in-person conversation with management, using this input to continuously improve our service.
- **Event Coordination:** We will proactively communicate with city event organizers to understand upcoming activities and plan appropriate staffing, special offerings, and support for campus events.

Detailed Approach to Scope of Work Requirements

Operations Excellence:

Product Quality and Safety: All food and beverage preparation will comply with Orange County Health Department regulations. We will maintain all equipment to manufacturer specifications. Industry standards for dispensing temperatures will be strictly observed. Food items prepared off-site will be warmed using appropriate equipment. No cooking will occur on-site.

Menu Offerings: Our menu will include:

- Hot & Cold Coffee drinks (espresso-based beverages, drip coffee, pour-over options)
- Tea program (hot and iced tea options)
- Specialty beverages (matcha lattes, hot chocolate, seasonal offerings)
- Non-dairy milk alternatives
- Bottled water and juices
- Açaí bowls
- Pre-made sandwiches, pastries, and baked goods
- Fresh pre-made salads
- Overnight oats
- Healthy snacks
- Fresh fruit options

All items will be clearly labeled with ingredients to accommodate dietary restrictions and allergies. We will not sell tobacco products, alcoholic beverages, chewing gum, or beverages in glass containers.

Pricing Philosophy: Recognizing that the Lions Park Café operates within a publicly funded facility, we will price our offerings deliberately below typical market rates. Our pricing will balance accessibility for all community members with financial sustainability for our operation. Specific discount programs will include:

- Library cardholder discount (presented at time of purchase)
- Senior discount
- Costa Mesa city staff discount
- Special event pricing for city-hosted events
- Story time specials (discounted parent/child combos coordinated with library programming)

Sustainability Program: Neat Coffee is committed to environmental responsibility. Our sustainability program includes:

- Use of only recyclable or compostable napkins, serveware, and beverage containers
- Clearly labeled recycling and composting stations for patron use
- Organic waste recycling services arranged to meet all State and local requirements
- Partnership with local non-profit organizations such as Someone Cares Soup Kitchen to redistribute end-of-day food items rather than disposal, in accordance with RFP requirements
- Source reduction through careful inventory management and demand forecasting

Customer Service: All staff will be trained in Neat Coffee's customer service philosophy emphasizing warmth, efficiency, and genuine care for each person we serve. Our team will be identifiable through Neat Coffee branded apparel (not using City logos, as specified) and will maintain professional, courteous interactions with all patrons. We will address complaints promptly and directly, with the Project Manager taking personal responsibility for resolution of any service issues.

Hours of Operation: We will operate seven days per week from 7:00 AM to 5:00 PM, covering the majority of library operating hours and serving morning through early evening visitors. We will remain flexible to adjust these hours based on usage patterns and community needs, and will ensure operation during all special City events (weather permitting). Our schedule will be clearly posted and communicated through coordination with adjacent facilities.

Facility Management:

Maintenance and Cleanliness: We will maintain the concession area and surrounding outdoor seating to the highest standards. Our protocols include:

- Multiple daily cleaning sweeps of service areas, floors, and equipment
- Immediate attention to spills or cleanliness issues
- Daily thorough cleaning of all surfaces, fixtures, and equipment at close of business
- Pickup and proper disposal of all trash and debris into City-provided containers
- Weekly deep cleaning procedures
- Proper maintenance of all equipment according to manufacturer specifications
- Prompt reporting to City facilities staff of any maintenance needs beyond our scope

Equipment and Furnishings: Neat Coffee will provide and maintain:

- Commercial espresso machine
- Coffee grinders
- Batch brew coffee system
- Freezer for açai bowls (to be scooped, not blended)

- Small wares and service items
- Point-of-sale system
- Outdoor seating furniture and tables for deck area

All equipment will be new or well-maintained, of professional quality, and appropriate in scale for the 1,100 square foot facility. Any additional equipment beyond what is provided by the City will be approved in writing by the City Manager or designee prior to purchase or installation, in accordance with RFP requirements.

Equipment purchased by Neat Coffee will remain our property during the concession agreement term and will be maintained in excellent condition. We acknowledge that at the conclusion of the agreement, the City may have the option to purchase our equipment at depreciated value.

Facility Access and Security: We will work with City staff to establish secure key control protocols for the café, storage areas, and any assigned gates or doors. Keys will be safeguarded and never duplicated without City approval. Our keyholders will be responsible for opening and securing the facility daily, with backup procedures in place for staff absences. We will maintain a current list of authorized employees with the City.

Utilities and Communication: Neat Coffee will pay all utility costs associated with the café operation, including water, electricity, phone, and internet service. We will establish our own business telephone line & use our company mailing address for business correspondence, not City contact information.

Infrastructure Requests: To ensure the facility meets Orange County Health Department requirements and functions optimally, we respectfully request that the City install:

1. A floor drain in the front service area beneath the planned espresso machine location
2. Water line plumbing to provide filtered water connections for:
 - Espresso machine
 - Batch brew coffee machine

We recognize these infrastructure improvements will require coordination with City public works and may involve drilling through concrete, potentially extending our pre-opening timeline. We are committed to working collaboratively with City staff to complete these improvements efficiently.

We also propose developing tasteful exterior signage that incorporates Neat Coffee branding alongside the "Café Mesa" name, subject to City approval of all designs and placements.

Staffing and Training

Hiring Approach:

Our hiring strategy prioritizes individuals who share Neat Coffee's values of community connection, service excellence, and genuine care for people. We will recruit through our existing network of Costa Mesa community members as well as posted opportunities highlighting the unique nature of this public-serving position. All candidates will undergo interview screening, reference checks, and trial shifts before hiring decisions are made.

Training Program:

Every staff member will complete comprehensive training including:

- Neat Coffee service philosophy and customer interaction standards
- Espresso preparation and coffee brewing techniques
- Food safety and sanitation practices
- Point-of-sale system operation and cash handling procedures
- Knowledge of menu items, ingredients, and accommodation of dietary needs
- Sustainability practices including proper sorting of recyclables and compostables
- Emergency procedures and protocols
- Orange County Health Department compliance requirements

Training will be documented and updated as procedures evolve.

Safety Plan:

Our safety program addresses both employee and public safety:

- All staff will be trained in safe equipment operation, including proper use of espresso machines, grinders, blenders, and warming equipment
- Slip, trip, & fall hazard prevention through immediate spill cleanup & proper floor maintenance
- Burn and cut prevention protocols
- Proper lifting techniques for inventory handling
- Food allergen awareness and prevention of cross-contamination
- Emergency contact information and procedures posted in staff areas
- First aid kit maintained on premises
- Regular safety meetings to review procedures and address concerns
- Workers' compensation insurance maintained as required by California law

Supervision and Accountability:

The Project Manager will provide daily oversight and will be present during high-volume periods. All staff will have clear job descriptions, performance expectations, and regular feedback. We will maintain adequate staffing ratios to ensure no employee works alone and to maintain service quality during peak periods.

Financial Management and Reporting

Point of Sale System:

We will implement a modern, cloud-based point-of-sale system that:

- Records all transactions with automatic sales totals & transaction counters that cannot be reset
- Issues sequentially numbered customer receipts for all transactions
- Maintains detailed electronic records accessible to City auditors
- Provides real-time reporting capabilities
- Enables City staff to access financial data as specified in the concession agreement

In the unlikely event of system failure, we will immediately implement manual record-keeping using pre-numbered receipt books and will record all transactions by hand until system functionality is restored. Under no circumstances will we conduct unrecorded sales.

Cash Handling:

While we anticipate the majority of transactions will be electronic (credit/debit cards, mobile payments), we will accept cash up to the specified \$30 single-purchase limit, with amounts exceeding this limit processed via electronic payment. Our detailed cash handling procedures include:

- Opening and closing cash counts with documentation
- Cash drawer limits to minimize loss exposure
- Dual-employee counts for all cash transactions over specified thresholds
- Daily reconciliation of cash receipts against register records
- Secure transport and bank deposit procedures
- Documentation trail for all cash transactions

These procedures will be submitted to the City for review and approval prior to opening, and will be available for independent audit at any time.

Separate Accounting:

As required by the concession agreement, Neat Coffee will establish and maintain a separate bank account dedicated exclusively to Lions Park Café operations. All revenue from the café will be deposited into this account, and all café-related expenses will be paid from this account. This separation ensures clean accounting and facilitates audit and verification of gross receipts.

Monthly Reporting:

By the 15th of each month, we will provide to the City:

- Payment of the monthly fee as specified in our revenue-sharing proposal
- Cash basis monthly gross receipts report showing total sales and payment calculation
- Any notes or explanations of unusual circumstances or variations from typical operations

Annual Reporting:

Within 60 days of each contract anniversary, we will provide:

- Annual profit and loss statement prepared by a certified accountant
- Balance sheet in a form acceptable to the City Manager or designee
- Statistical summary of operations including patron counts, popular items, seasonal trends
- Narrative report on the café's contribution to the Lions Park campus community

Audit Cooperation:

We understand and agree that the City may audit our books and records at any time during the contract term and for four years following. We will:

- Maintain all required documentation including general ledgers, journals, vouchers, checks, tickets, bank statements, tax returns, and daily sales records
- Provide full access to all accounting records at reasonable times
- Cooperate completely with City auditors/ independent accounting firms contracted by the City
- Ensure all records are organized, complete, and readily accessible
- Treat City requests for confidential information (such as tax returns) with appropriate discretion

We acknowledge that if an audit reveals under-reporting of gross receipts resulting in loss of revenue to the City exceeding 2% of amounts due, we will be responsible for applicable penalties, back payments, and potentially liquidated damages as specified in the agreement.

Regulatory Compliance:

Neat Coffee will be solely responsible for:

- All federal, state, and local tax obligations
- Business license fees for the café location
- Health department permit fees
- Required insurance premiums
- Any other licenses, permits, or regulatory fees necessary for legal operation

Community Engagement and Partnership

Connection to Lions Park Programming:

We see the Lions Park Café as an integral part of the campus ecosystem, not just a standalone business. Our approach to community partnership includes:

Library Coordination: We will work closely with library staff to:

- Align our hours as well as offer specials during their story times and other planned activities
- Provide a welcoming outdoor break space for students and guests of the library
- Offer library cardholder discounts to encourage library patronage
- Provide catering or special service for meetings and events
- Explore opportunities for literacy-themed promotions or author event support

Recreation Center Partnership: We will:

- Coordinate with recreation programmers to understand class schedules and participant needs
- Offer healthy options appropriate for active individuals and families
- Consider special offerings tied to recreation programs (post-class refreshments, etc)

Aquatics Facility Connection: We will:

- Provide healthy recovery options appropriate for swimmers
- Maintain awareness of pool schedules to anticipate customer flow

Event Lawn Activation: As specified in the RFP, we are looking forward to hosting 12 special events annually on the event lawn. We have experience using TESSA for approval. These events will:

- Be family-friendly and inclusive
- Draw visitors to the Lions Park campus
- Showcase Neat Coffee's community connection mission
- Respect other scheduled uses of the space
- Be coordinated well in advance with City events staff

Neat Coffee Community Programming:

Beyond café operations, we will continue and expand Neat Coffee's tradition of community-building:

Established Programs We Will Bring to Lions Park:

- “Neat @ Nite” movie nights on the event lawn (utilizing our permitted event allocation)
- Community run club meeting at the café before routes through the neighborhood
- Art displays featuring local Costa Mesa artists
- Small business markets for local artisans and makers
- Civic engagement opportunities & seasonal celebrations

New Programs Specific to This Location:

- Library partnership programming around literacy and education themes
- Family-friendly activities coordinated with recreation programming
- Recognition events for public servants/frontline workers (building on our successful Hero's Day for Costa Mesa firefighters)

All programming will be coordinated with City staff to ensure compatibility with other campus activities and to maximize benefit to the community.

Accessibility and Inclusion:

Our below-market pricing strategy and discount programs are designed to ensure the café serves the entire Costa Mesa community. Beyond pricing, we will:

- Train staff in welcoming service for all community members
- Maintain physical accessibility in our outdoor seating arrangements
- Accommodate dietary restrictions and allergies with clear ingredient labeling
- Create a welcoming atmosphere where all Lions Park visitors feel comfortable
- Listen to community feedback about how we can better serve diverse needs

Project Schedule

Months 1-3: Pre-Opening Phase

- Week 1-2: Finalize equipment specifications; coordinate with City on infrastructure improvements (floor drain, water lines)

- Week 3-4: Obtain business license & health permit applications; finalize signage designs for City approval
- Month 2: Monitor infrastructure installation progress; procure equipment and furniture; develop operational procedures manual
- Month 3: Complete equipment installation once infrastructure ready; begin staff recruitment and training; finalize vendor contracts; conduct pre-opening inspections
- End of Month 3: Receive health department approval; complete staff training; stock inventory

Month 4: Soft Opening

- Weeks 1-2: Limited-hour soft opening to test operations and refine procedures

- End of Month 4: Complete assessment and adjustment period

Month 5 and Beyond: Full Operations

- Ongoing daily operations per standard schedule
- Quarterly performance meetings with City staff as well as annual evaluations
- Seasonal menu adjustments & community event programming

This timeline assumes a 3-month lead time for City installation of required infrastructure (floor drain and water line plumbing). We are prepared to adjust this schedule based on actual infrastructure completion dates and will work efficiently to minimize time from infrastructure completion to opening.

City Staff Requirements

To ensure successful implementation, we will require the following from City staff:

- **Pre-Opening Phase:**
 - Installation of floor drain in service area beneath espresso machine location
 - Plumbing of water lines for espresso machine & batch brew coffee machine
 - Provision of keys for café and any storage areas
 - Review and approval of exterior signage designs
 - Coordination on business license
 - Designation of City Project Manager as primary liaison
- **Ongoing Operations:**
 - Quarterly performance meetings with designated City representative
 - Reasonable advance notice of special events requiring adjusted staffing or hours
 - Access to facility for routine city inspections (we understand these may occur any time)
 - Prompt communication of any facility maintenance needs outside of our scope

We are committed to being a low-maintenance, high-value partner that minimizes demands on City staff time while maximizing community benefit.

Innovative and Creative Approaches

Beyond meeting all RFP requirements, we propose several innovations:

Seasonal Local Partnerships: We will actively seek partnerships with local farmers, bakers, and food producers to feature hyper-local ingredients and products, strengthening local economic connections and providing unique offerings not available elsewhere.

Digital Engagement: We will maintain an active social media presence highlighting not just our offerings but the broader Lions Park campus activities, helping promote library programs, recreation classes, and city events to our established follower base.

Feedback Loop Integration: Rather than treating community feedback as complaints to be addressed, we will actively solicit input through quarterly community surveys, suggestion opportunities, and periodic focus groups, treating Lions Park Café as a living experiment in community-responsive business.

Educational Component: Working with library staff, we could develop informal coffee education programming—from brewing techniques to coffee sourcing—that aligns with the library's educational mission while adding unique value for café visitors.

Economic Access Innovation: Beyond our discount programs, we will explore a "pay it forward" program allowing customers to pre-purchase beverages or food items for community members in need, fostering generosity and ensuring no one feels excluded from café participation due to economic constraints.

The Project Manager will be a consistent presence throughout the contract term, providing stability and institutional knowledge. While front-line staff may change over time due to normal turnover, we will maintain comprehensive training systems and documentation to ensure service consistency regardless of individual personnel changes.

COST PROPOSAL

Neat Coffee's financial proposal is structured to balance three critical priorities:

1. **Community Accessibility:** Maintaining pricing below market rate to serve all Lions Park campus visitors

2. **Operational Sustainability:** Ensuring adequate revenue to provide quality products, fair wages, and excellent service
3. **Fair Return to the City:** Providing reasonable compensation to the City for use of this public asset

Revenue Sharing Proposal

Monthly Payment to City: 3% of Gross Sales

We propose paying the City three percent (3%) of all gross revenue generated by café operations. This percentage-based approach:

- Aligns City compensation with café success (higher sales = higher City revenue)
- Reflects our commitment to below-market pricing that prioritizes community access
- Ensures financial sustainability for quality operations and fair employee compensation

Payment Terms:

Payment will be submitted by the 15th of each month following the month of sales. Payments will be accompanied by the required gross receipts report and monthly revenue/expense statement.

We acknowledge and agree to the penalty structure outlined in the RFP and are committed to timely payment and transparent financial reporting. Our point-of-sale system and separate accounting structure will facilitate accurate, timely reporting.

Rationale for 3% Revenue Share:

Below-Market Pricing Strategy: As outlined throughout this proposal, we are committing to pricing deliberately below typical market rates to ensure accessibility within this publicly-funded space. This pricing philosophy directly reduces our gross revenue and profit margins compared to standard commercial café operations.

Discount Program Costs: Our proposed discount programs (library cardholders, seniors, city staff, story time specials, event pricing) will further reduce revenue while serving the community benefit objectives of this location.

Startup Infrastructure Costs: While we very much appreciate the City's provision of the basic facility, not to mention refrigeration, ovens, and more, Neat Coffee will be investing significant capital into commercial espresso machine and coffee equipment, point-of-sale system and technology, furniture & outdoor seating for the deck area, initial inventory & supplies, & staff recruitment and training costs.

Ongoing Operational Costs: We will bear all costs including all utilities (water, electricity, phone, internet), staff wages and benefits, inventory and supplies, equipment maintenance and repairs, insurance premiums, business licenses and permits, separate accounting and reporting systems.

Community Programming Investment: Beyond basic café operations, we are committing to active community programming, event hosting, and partnership activities that require staff time and resources but generate limited or no direct revenue.

Long-Term Commitment: This percentage is designed to be sustainable throughout the 3-year initial term and potential renewal periods, ensuring stable partnership with the City rather than an unsustainable arrangement requiring renegotiation.

Alternative or Supplementary Arrangements:

While our primary proposal is the 3% revenue share, we remain open to discussing creative arrangements with the City, such as:

- A hybrid model with a modest minimum monthly base payment supplemented by percentage of sales above certain thresholds
- Seasonal adjustments recognizing that summer months may see higher traffic than winter months
- Performance incentives tied to customer satisfaction metrics or community engagement activities

We are committed to finding a financial arrangement that works for both parties and prioritizes the community benefit objectives of this public facility.

Cost Control and Efficiency

To ensure financial sustainability while maintaining quality and affordable pricing, Neat Coffee will implement:

- Careful inventory management to minimize waste

PERSONAL CONNECTION TO LIONS PARK

While this proposal focuses primarily on Neat Coffee's qualifications and operational plans, I want to briefly acknowledge the personal significance of this opportunity.

For the past twenty years, Lions Park has been woven into my life in Costa Mesa. In 2006, while in college, I worked for an after-school program serving high school students at the recreation center, giving me early insight into the important role this campus plays in young people's lives. Over the following two decades, I've witnessed the transformation of this area—the development of the park, the construction of the beautiful Donald Dungan Library, and the evolution of Lions Park into the vibrant community hub it is today.

I am currently a proud punch card holder for adult lap swim at the pool and for the past five years, Lions Park has taken on new meaning as I've walked my daughter to this campus countless times for library story time, mornings at the playground, and afternoon ballet classes at the recreation center.

This history means that the opportunity to operate the Lions Park Café feels like a natural continuation of my family's relationship with this special place. I understand firsthand the rhythms of this campus, the needs of the visitors, and the community-building potential of this location. More importantly, I'm deeply invested in ensuring that this café serves the community well—because this community includes my neighbors, my daughter's friends and their families, and the people who have made Costa Mesa home.

DISCLOSURE

I am an active participant in my community and because of that, I have had many interactions with city council members such as attending a trip to Bixby Knolls with Arlis Reynolds, swimming in the ocean with Andrea Marr, and serving coffee to our neighbor Manuel Chavez.

CONCLUSION

Neat Coffee respectfully submits this proposal with genuine excitement about the opportunity to serve the Lions Park community. Our ten-year track record in Costa Mesa, our commitment to community connection over pure profit, our operational expertise, and our deep understanding of this specific location make us uniquely qualified for this partnership.

We offer the City:

- ✓ **A proven local operator** with a decade of successful café operations in Costa Mesa
- ✓ **Community-first philosophy** demonstrated through extensive civic engagement & programming
- ✓ **Affordable, high-quality offerings** with deliberate below-market pricing for public benefit
- ✓ **Financial sustainability** with transparent accounting and fair revenue sharing
- ✓ **Collaborative partnership** approach with City facilities and programming
- ✓ **Professional operations** meeting all health, safety, and regulatory requirements

Respectfully submitted,

COST PROPOSAL FORM

RFP No. 26-05 Lions Park Café Concessions Services

Submitted by: Neat Coffee

Revenue Sharing Proposal:

Neat Coffee proposes to pay the City of Costa Mesa **three percent (3%) of gross sales** generated by café operations at the Lions Park Café.

Payment Schedule: Monthly, by the 15th of the month following the sales period

Example Calculation:

- If January gross sales = \$30,000
- Payment to City = \$900
- Due date: February 15

Additional Financial Commitments:

- Neat Coffee will pay 100% of all utility costs (water, electricity, phone, internet)
- Neat Coffee will provide all equipment not supplied by City
- Neat Coffee will maintain separate accounting for café operations
- Neat Coffee will provide monthly gross receipts reports and revenue/expense statements
- Neat Coffee will provide annual financial statements prepared by certified accountant

Justification for Proposed Rate:

This 3% revenue share reflects:

- Commitment to below-market pricing for community accessibility
- Multiple discount programs (library cardholders, seniors, city staff, event pricing)
- Significant capital investment in equipment and furnishings
- Full responsibility for all operational costs including utilities
- Investment in community programming beyond basic café operations
- Sustainable rate for 3-year initial term and potential renewal periods

City Infrastructure Requests:

To ensure health department compliance and optimal functionality, we request the City install:

1. Floor drain in service area beneath espresso machine
2. Water line plumbing for espresso machine and batch brew machine

We understand these improvements may require approximately 3 months and recognize this will extend our pre-opening timeline. We are committed to working collaboratively with City staff to complete these necessary improvements.
