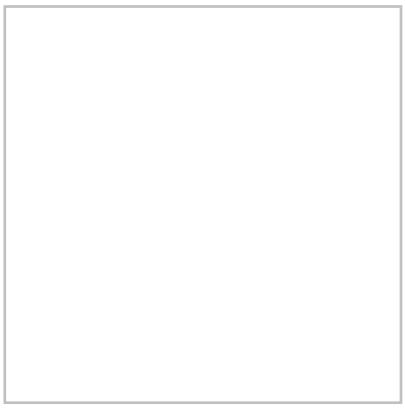
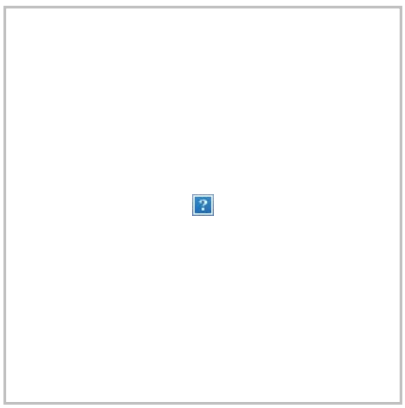
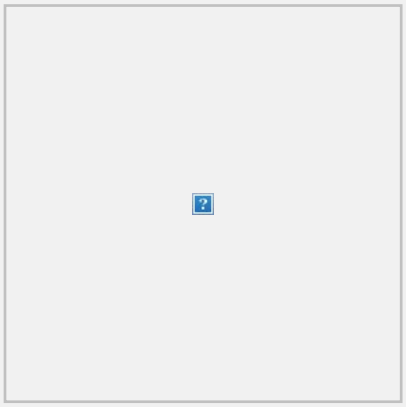
Flock Safety ALPR Sharing and Best Practices

The Illinois Association of Chiefs of Police is sharing the attached document in the hopes it will help shed some light on the different sharing options available through Flock Safety's ALPR.

Flock Safety created the document below to inform Illinois law enforcement agencies about data sharing options, compliance procedures, and user and admin guidelines. You're advised to consult with your command staff and legal counsel to determine the practices that best fit your needs.







ALPR and FOIA

Due to recent events regarding ALPR data sharing and FOIA we are also sending out this reminder to our membership that there are certain exemptions. **DRAFT** guidance is now behind the membership wall on the website. In order to access it, members must log in.

You can find the information here:
