Flock Safety Wing™

Integrate third-party video cameras in FlockOS® to unify your video evidence

Transform your existing camera infrastructure into **powerful evidence capture devices.**

Connect every live stream camera in your community to get a birdseye and boots-on-the-ground view of incidents in your jurisdiction from a centralized operational view in FlockOS®.

1

EVIDENCE CAPTURE SIMPLIFIED

Save money and time by integrating your current camera infrastructure with your real-time intelligence platform.

2

MANAGE VIDEO AND LPR EVIDENCE SEAMLESSLY, AND MORE FROM A SINGLE PANE OF GLASS

View, replay, and download video evidence from a VMS solution that lives in the same platform as your LPR for unmatched situational awareness that promotes officer safety and faster case clearance.

3

FULL-SERVICE IMPLEMENTATION AND MAINTENANCE

Flock Safety's team connects and monitors the health of your cameras for you so your agency can focus on solving crime and keeping officers safe.

Choose the integration that fits your city's needs

FLOCK SAFETY WING™ CLOUD

Access live video, recorded video, and even turn your video camera into an Vehicle Fingerprint™ enabled LPR camera through a direct-to-camera connection.

FLOCK SAFETY WING™ VMS

Access live and recorded video from your existing video management system.

FLOCK SAFETY WING™ GATEWAY

Consolidate live and recorded video from various private and public cameras by installing a Wing Gateway device on-site.

"There are multiple instances where a call goes out, and we can immediately access data -- like ALPR data and live video monitoring -- to provide real-time information to the officers who are responding and gauge whether they need additional support."
