Ok, on Monday can you both do 11:30-12pm or 9-10:30am CST?

Good morning everyone, I have class on Tuesday at 2pm, so I can't make the meeting. I do have quite a bit of flexibility on Monday, if that becomes an option.

Rick

Tuesday 2-3 works for me. I'll be at a conference from Wednesday to Friday.

Johnny

Hi Profs,

Here are some time slots that work for us next week (in CST - your time). Please let me know which times work for you - let's do 30 minutes.

- Tuesday, November 14: 9-10am, 2-3pm
- Wednesday, November 15: 9:30-10am
- Thursday, November 16: 9-10am
- Friday, November 17: 9-10am

Professor Nhan, have you reached out to any of those agencies I put on Box that are open to being case study subjects? Thinking you should do Fort Worth and maybe 1-2 others.

Best,

Andrea

Hi Professors,

I just uploaded the anonymized clearance rate inputs and the internal / external factors we used in our regression analysis to the Box account. I've removed any identifying features about the agencies, so we can feel comfortable publishing this work.

We're also making progress on the first part of the white paper that has the regression analysis /

projection. We'll give you an outline soon.

[@Andrea Korb](#) do you think we should try to get some time next week to talk through this data and answer any questions about it?

Adam
