I can ask how the invoicing will work for the second round.

How would you like it invoiced?

Somehow this one fell through the cracks.

Attached is the Flock proposal for Phase 2. This does include Mardi Gras.

Hi Kameron,

I've attached an updated quote that includes an additional ALPR camera and the corresponding installation. I've also looped in David and my new engineer, Nathan, to ensure alignment on the new Mardis Gras location.

@David Maitlen and @Nathan Bott, please flag if you foresee any issues.

Best regards,

Judd

Hey Judd,

Before you send us the updated quote, can we add one more camera?

Property Name: Mardi Gras
Address: 24009 104th Ave SE, Kent, WA 98030

I have attached a photo with placement. It's a much smaller site with only one point of entry. Unfortunately, the entry way is wooded, so getting a car on entry would be rough. However, there is a light pole in the center of the parking lot that overlooks the drive. So, we were thinking of having it on vehicle exit. Please see my attached map, with drawings. Let me know if it makes sense.

Thanks,
