Flock Safety

To whom it may concern,

The Boulder Police Department is partnering with Flock Safety for the use of ALPR Automated License Plate Reader camera program to enhance public safety. The partnership will allow the Boulder Police Department to use these cameras as a tool to provide actionable evidence to assist our officers and detectives in solving crime and promoting public safety for our citizens. The Boulder Police Department has found Flock Safety to be successful in identifying and arresting suspects wanted in the most serious of crimes. This technology will be used to better protect all citizens and visitors in the City of Boulder.

To assist Flock Safety with the installation of additional ALPR cameras, the Boulder Police Department will coordinate with Flock Safety to provide any needed traffic control needs.

Sincerely,

A handwritten signature in black ink, appearing to read "B. Graff", written over a horizontal line.

**Sergeant Benjamin Graff**  
**Special Enforcement Unit**

O: 303-441-4031
